***Allowable Subject Matter***

1. The following is an examiner's statement of reasons for allowance:

Regarding claims 1-9, the allowability in combination with the other claimed features is because nowhere in the prior art is there an electromagnetic filter is there an capacitor joined to the inductor. Regarding claims 10-17, the allowability in combination with the other claimed features is because nowhere in the prior art is there a second capacitor disposed about the conductor and joined to the inductor. Regarding claim 18, the allowability in combination with the other claimed features is because nowhere in the prior art is the a method of providing an electromagnetic filter having the capacitor joined to the inductor.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Citation of Pertinent Prior***

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
